

Nalino

Manufacturer of kitchen utensils

www.nalino.ir

Catalog of products

Our History:

Panizsazan-e Dana Company with over half a century experience in manufacturing aluminum and nonstick containers for entrepreneurship, improving domestic production and improving the industry in the year 1987 by producing aluminum containers; in the year 1995 by producing nonstick containers; and in the year 2003 by producing under-pressure nonstick casting containers and introducing them into the market. In order to diversify and improve the quality of our products, as well as to increase the health and well-being of our respected customers by providing useful and compatible body-friendly metal ions as well as cooking with minimal oil consumption and stability in taste, producing of fully nonstick cast iron and nonstick glass containers resistant to heat shocks (Borosilicate Heat Resistance) with nonstick granite coatings has started and after all the qualitative tests and obtaining the national standard, we have massed produced our products and offered them to domestic markets and reputable stores with Nalino and PSD brands. The company won the top brand of aluminum production industry in the country in the years 2013 and 2015 and in July 2018, was introduced as a top producer and entrepreneur by the Ministry of Industry, Mining and Commerce, and in August 2018 has awarded an appreciation statement as the top producer by the National Iranian Standard Organization. Due to the direct contact of food with cooking utensils and the physical health priority of our respected customers, the company has set up a modern laboratory in accordance with ISO 17025 international standard and as successfully obtained all the qualifications needed for becoming the laboratory partner to the standard organization laboratory, has done all the qualitative tests to ensure the quality of their products.

Achievements and Licenses:
